

Soil & Plant Science Division

Upcoming Recent Grads and Pathways Internships

Join us in recruiting the next generation of NRCS soil and ecological scientists!

The NRCS Soil and Plant Sciences Division (SPSD) is excited to announce our largest fall recruitment for Pathways in recent memory! We are announcing **24 Internship positions** on **October 13, 2020** and **47 Recent Graduate soil and ecological science positions** on **October 19, 2020**. Please visit our SPSD [Virtual Recruitment Toolbox](#) specifically designed for students, university staff and current NRCS to find the information they need on these upcoming job announcements. During this upcoming webinar, SPSD staff and USDA HR specialists will be discussing necessary qualifications and reasons to apply for our positions. Please attend to learn what is needed in an application and to ask questions about the process.

Career Opportunities with NRCS SPSD: <http://nrcs.adobeconnect.com/webinars/>
